

EMPLOYMENT OPPORTUNITY

Job Title: Land Use and Environmental Planner

Posting Date: October 10, 2022

Location/Address: 733 Bishop Street, Suite 2590, Honolulu, HI 96813

Position Summary: Project Planner for land use and environmental planning assignments responsible for preparing master plans, entitlement applications and environmental assessments. Perform research, site visits, data collection, report writing, interaction with clients and technical experts, and the community. Some travel is required; experience in federal agency planning is desirable. Work from home and/or work from office options available.

Primary Duties (Major Responsibilities/Activities):

- Conduct research, interviews and site reconnaissance
- Participate on collaborative planning teams
- Technical writing, analysis and evaluation for planning reports

Minimum Qualification Requirements:

Education/Experience

- Candidates must have a BS/BA in engineering, environmental planning, urban planning, environmental science, social science, landscape architecture and/or equivalent degree conferring advanced knowledge in facilities and land use planning.
- Ideal candidate will have a MS/MA in engineering, environmental planning, urban planning, environmental science, landscape architecture and/or equivalent degree.
- A minimum of two years professional experience in environmental and land use planning is preferred.
- Relevant project experience in Hawaii strongly preferred.
- Excellent written and oral communication skills. Ability to present project materials and information clearly and concisely.
- Excellent organizational skills.
